

# OUR SCHOOL

**Secondary Art School, Presov,  
Slovakia**

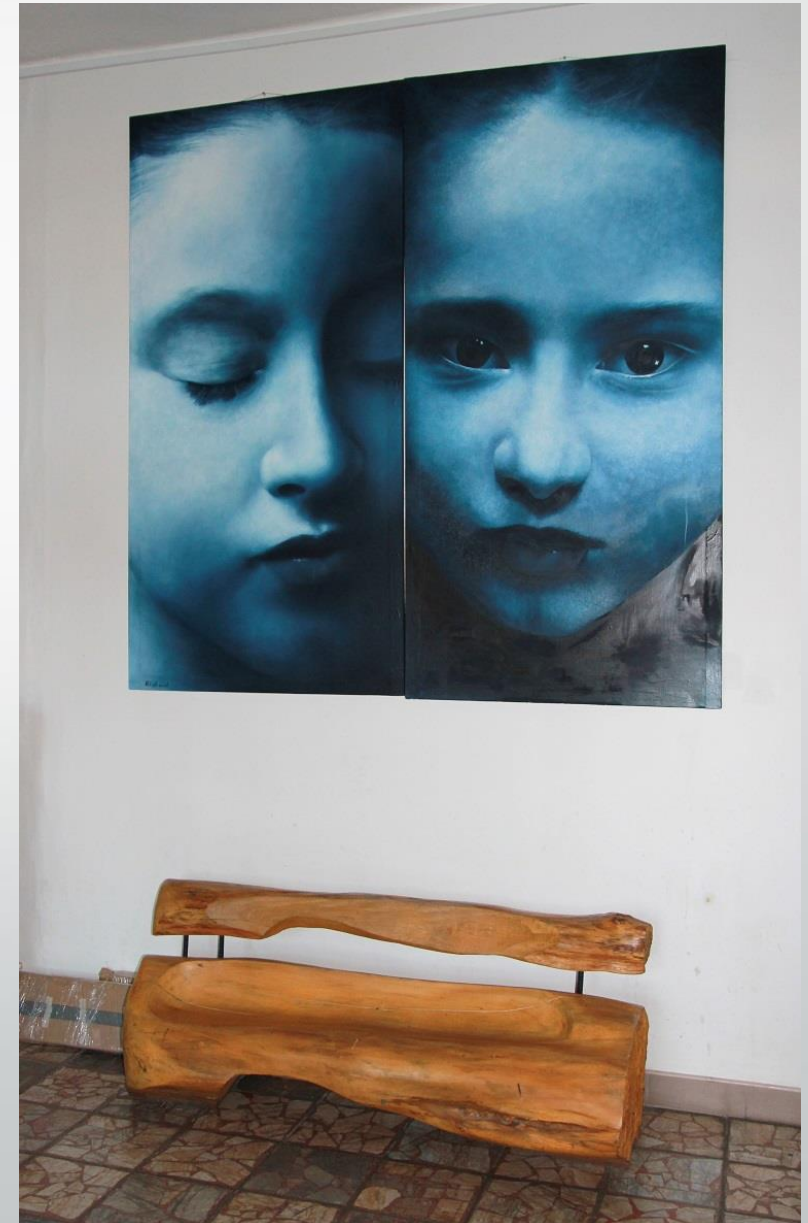

# BASIC INFORMATION

Our school is located in Prešov and it focuses on art.

The building is quite big.

We've got several study branches such as:

- Graphic design
- Graphic and interior design
- Promotional graphics
- Promotional arts
- Advertising creation

# HISTORY

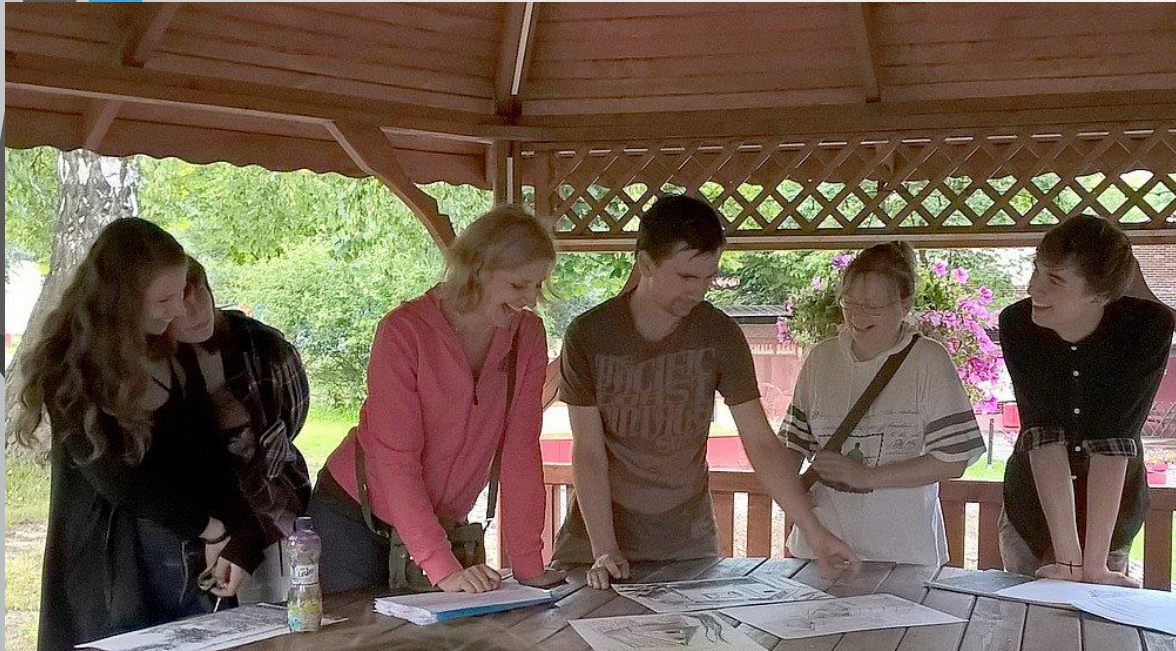

In 1960 there was a school based in Sabinov with just one study branch - mason. In 1971 they gave the school a new building in Prešov. Gradually every year our school expanded in terms of study branches. You could study to be a smith, wood carver, ceramist, carpenter, costume designer and many more... Finally in 2001 the school was offically named as "art school"

## OUR SCHOOL ACTIVITIES:

At the start of a new school year we go to the cinema or a theatre. We begin our second day of school in classrooms, but we do not study yet.

During the school year we go for a couple of trips and we have a part time job for a week. We have got ski trips. We also have sport days where we all participate in table tennis, basketball, badminton and football. In second and third grade we have a drawing course in country where we paint and draw our surroundings, then we are graded for our work.

# After school activities

- Photography club
- Sculpting club
- School newspaper club
- Video making club
